My internship at an advertising company in Seville was an incredibly inspiring experience. I had the opportunity to get to know the dynamic world of advertising, working with a talented team that is passionate about their work. Seville fascinated me with its architecture and culture, which perfectly matched the atmosphere of creativity. Granada, with its magical views of the Alhambra, provided me with a lot of inspiration for creative thinking. The internship allowed me not only to develop my professional skills, but also to establish valuable relationships with people from different backgrounds. This experience will definitely have a positive impact on my future in the advertising industry.

My 12-day stay in Seville was an extremely valuable and inspiring experience. I worked as a cleaner in a student dormitory, which allowed me not only to develop my professional skills but also to get a behind-the-scenes look at the everyday life of Spanish people. The work was well organized, and the team was very helpful and kind – thanks to that, I felt confident and comfortable in the new environment. The internship abroad turned out to be a great opportunity to gain experience, learn about a different culture, and overcome language barriers. It was also an excellent lesson in independence and cooperation in an international setting. The organizers also made sure we had a rich cultural program. I had the chance to visit many beautiful places – both in Seville and during a trip to Granada. I was especially impressed by the Alhambra and the picturesque streets of Seville's old town. I would like to give special thanks to the supervisors, who surrounded us with care and support at every step. Their commitment, kindness, and professionalism made the entire trip pleasant and safe. This experience will always stay in my memory and has certainly motivated me to continue growing – not only professionally, but also personally.

4. Participant's opinion about their personal & professional development

Upon arriving in Seville, I was amazed by the vibrant colors, the city's atmosphere, and the warmth of its people. Together with a group of students and two teachers – to whom I sincerely thank for the time we spent together – we visited many interesting places, including the Plaza de España, the Alhambra Palace, the Mirador de San Nicolás viewpoint, and the city of Granada, which captivated me with its Eastern-inspired culture. One of the most special moments was visiting the bullring and spending free time exploring the charm of Seville – walking through beautiful parks such as Maria Luisa Park, visiting the Real Betis stadium, and enjoying local cafés and restaurants where I had the chance to try traditional Spanish dishes, drinks, and sweets. I especially value the opportunity to complete my work placement at Hotel Casa 1800. The hotel staff supported me every day with great commitment, sharing their knowledge and experience. Thanks to them, I gained many valuable skills, which I described in detail in my internship journal. To sum up – taking part in the Euromind project was an extremely valuable experience for me, both professionally and culturally. It's a great opportunity for young people to grow, discover the world, and gain new skills.

Podczas praktyk w Hiszpanii pracowałam w kuchni, gdzie pomagałam w przygotowywaniu posiłków, porcjowaniu dań oraz dbaniu o czystość stanowiska pracy. Zdobyłam nowe umiejętności kulinarne i poznałam hiszpańskie smaki. Poza pracą miałam okazję zwiedzić piękne miasta – Sewillę i Granadę, poznając lokalną kulturę i tradycje. During my internship in Spain, I worked in the kitchen, where I helped with meal preparation, portioning dishes, and keeping the workspace clean. I gained new culinary skills and got to know traditional Spanish flavors. Outside of work, I had the chance to visit the beautiful cities of Seville and Granada, exploring local culture and traditions.

4. Participant's opinion about their personal & professional development

During my internships in Spain, I gained experience in working in the kitchen. I helped in preparing Spanish cuisine. I learned the rules of hygiene and organization of work in gastronomy. I worked both on pre -treatment of products and when decorating dishes. I worked with a team of chefs and restaurant service, improving my culinary and language skills. I also had the opportunity to visit Seville and Granada. I was delighted with the architecture of these cities, especially the Alhambra Palace in Granada, and the Spanish Cathedral and Spanish Square in Seville.

4. Participant's opinion about their personal & professional development

During my internship in Spain, I had the opportunity to gain experience in various aspects of kitchen work. I helped with preparing dishes, paying attention to the aesthetics of the food and the quality of the ingredients. I also learned to work with different cooking techniques and handle kitchen equipment. I had the chance to collaborate with experienced chefs who shared their knowledge about traditional Spanish dishes. In the meantime, I also helped maintain cleanliness in the kitchen and organize the workspace, which is essential in a professional environment. In Seville, I admired the beauty of the city, paying attention to its historical architecture and lively streets. I stopped by Plaza de España. In Granada, I was captivated by the unique atmosphere, with narrow streets and views of the majestic Alhambra. Both places have their own unique charm, combining the history, culture, and traditions of Spain. I really enjoyed exploring Seville and Granada; every corner of these places offered something special that will stay with me for a long time.

4. Participant's opinion about their personal & professional development

During my professional internship in Spain, I had the opportunity to work in one of the Spanish restaurants, where I learned not only new flavors but also the culture, customs, and the way of working in a foreign culinary environment. Each day began with preparing my workstation – washing and chopping vegetables, preparing ingredients needed for the dishes served at the restaurant. I had the chance to learn how to properly prepare traditional Spanish dishes, such as seafood paella, tortilla de patatas, and various tapas. While sightseeing in Seville, I had the chance to not only see incredible places but also feel the true spirit of Spain. During my trip to Granada, I was most impressed by the Alhambra – a beautiful palace with gardens that looked like something out of a fairytale.

1. Mobility project preparation & Induction

Before the participants arrived, Euromind provided them with a pre-arrival guide packed with essential information about local transportation, social activities, and emergency contacts. Additionally, Euromind organized online meetings to introduce themselves to the participants and conduct interviews. Following these interviews, a dedicated group on social media was established, facilitating ongoing communication between Euromind, the selected participants, and their accompanying teachers, fostering a sense of community even before their arrival in the host country.

Drawing upon a thorough evaluation of participants' CVs and interview outcomes, Euromind carefully matched each individual with suitable host organizations. Ensuring compliance with all necessary regulations, Euromind individually prepared Learning Agreements for each participant and ensured that all involved parties signed the required documents.

Upon the group's arrival, Euromind hosted a welcoming meeting where participants were introduced to the Euromind team and briefed on the program agenda, accommodation guidelines, and dissemination strategy options. Subsequently, the Euromind team accompanied participants to meet their designated mentors at the host organizations, acquainting them with their workplace environment.

To aid in their integration into the local community, participants were taken on a neighbourhood tour, familiarizing them with nearby amenities such as banks, post offices, supermarkets, and bus stations. This comprehensive approach aimed to facilitate participants' smooth transition and adaptation to their new surroundings.

2. Monitoring & Mentoring

To ensure the fulfillment of Learning Agreement objectives and the seamless integration of participants into work culture, monitoring was conducted collaboratively by all project stakeholders. Euromind designated a coordinator responsible for introducing participants to the host organization(s).

Throughout the program, mid-term and final monitoring and evaluations were conducted to review participant tasks, progress, and gauge satisfaction levels from both participants and host organizations. Following the mid-term evaluation, the coordinator met with participants to discuss the results. Any areas of concern were addressed privately to allow for open discussion and problem-solving.

Host organizations appointed staff members as tutors to assist, inform, guide, and supervise participant work. These tutors held regular meetings with participants to assess their presence, discuss tasks, and adjust responsibilities as needed based on company and participant requirements.

At the program's conclusion, during a farewell session, Euromind distributed evaluation sheets for participants to assess their experience in Spain, their work placements, and Euromind's performance. Euromind remained available to participants 24/7 for emergency assistance.

3. Communication

Euromind takes good care of successful communication between companies and trainees. Each evaluation of work is aimed at improving the quality of cooperation. Each party is thoroughly checked and assessed and the necessary improvements are introduced. Moreover, Euromind mediates in this supervisor-trainee collaboration by translating and solving language-connected complicated matters.

4. Dissemination strategy

Euromind actively participated in preparing and disseminating project results alongside the sending organization and participants. Throughout the mobility program, Euromind organized weekly one-hour meetings with participants to monitor their progress and ensure they gathered all necessary information regarding their work placements and stay in the host country. The materials produced by participants served as valuable tools for disseminating project results to all stakeholders involved.

Participants had the flexibility to work either individually or in groups. On the first day, they were required to decide on the method(s) they would use to document their professional experiences. Typically, the entire group created a Facebook page, recognized for its effectiveness and accessibility to a wide audience. This platform appealed particularly to young people, allowing them to share their experiences instantly.

Apart from the Facebook fan page, the trainees were encouraged to prepare a PowerPoint presentation in English which they would be able to use to disseminate the results of the project back home (conferences, meetings with other students, parents, etc.).

Euromind also disseminates the project at a local level. It organises language and cultural exchanges between the international trainees and students from local vocational colleges. During those meetings both Spanish and International students are involved in a number of activities the aim of which is to get to know each other, share experiences related to work experiences and in general their stay in Spain. The students also exchange information about their countries and cultures.

5. Certification

At the conclusion of their stay, participants received comprehensive validation of their acquired skills, knowledge, and competencies through various recognition methods, including:

- Training Certificate
- Europass Mobility Certificate
- Transcript of Records reflecting acquired learning outcomes
- Language Course Certificate, if applicable

1. The Royal Bullring, La Real Maestranza

This activity provided students with a unique chance to explore the cultural legacy of Seville through a visit to the Royal Bullring, one of the city's most notable artistic landmarks. Every year, as the bullfighting season commenced, the arena brimmed with eager spectators, ready to witness the spectacle unfold. Within the arena, students stepped onto the sand, immersing themselves in the ambiance and envisioning the intense emotions felt by bullfighters during their matches. The Bullfighting Museum housed within the complex displayed various artifacts, including trophies honoring the bravest bulls. Throughout the tour, students were educated on the rules, intricate symbolism, and historical context of bullfighting, gaining a deeper understanding of its cultural significance.

2. Project promotion (dissemination) meetings with euromind Coordinator (1 hour per week)

The primary aim of the dissemination meetings was to create materials that would serve as promotional tools for the project once participants returned to their home country. These meetings were held weekly and facilitated by the Euromind Coordinator, who played a crucial role in ensuring the success of the dissemination efforts. During each session, the Euromind Coordinator met with the participants to review their progress, address any challenges they encountered, and provide answers to their questions. This consistent support helped to maintain momentum and ensure that any obstacles were promptly resolved. The coordinator also monitored the development of the dissemination tools, ensuring that they met the project's standards and objectives.

3. Seville city walk with euromind

4. Granada (shuttle bus)

The students had an amazing trip to Granada, a beautiful city at the foot of the Sierra Nevada mountains, renowned for its blend of Judaism, Christianity, and Islam. Participants explored notable sites like the Albaicín district, Plaza Nueva, Acaicerí market, Cathedral, Alhambra, Generalife, and Sacromonte, immersing themselves in Granada's rich heritage. The Alhambra palace, a stunning example of Arab architecture and a UNESCO World Heritage Site, left the students mesmerized by its beauty. They were also fascinated by the gypsy caves of Sacromonte, charmed by the city's relaxed atmosphere and vibrant culture. Granada's stunning landscapes and rich cultural tapestry made it a memorable destination for the students.

The Euromind team worked hard to provide the trainees with an exceptional professional and cultural experience. They were always available to offer support, guidance, and solutions to any challenges the trainees encountered.

The participants were highly satisfied with their professional training abroad, which provided them with valuable experience. It's expected that they will apply this experience in their current roles back home or use it to enhance their job prospects.

Additionally, the participants learned the basics of the host country's language and demonstrated their ability to thrive in a multicultural work environment, both independently and as part of a team.

The Euromind team was extremely pleased with the participants' engagement and enthusiasm throughout the project. Overall, the project was a great success, and we look forward to collaborating on future projects with Fundacja Efekt Motyla w Kielcach.
